

## Summary: North East Lincolnshire Local Safeguarding Arrangements Plan For Children and Young People 2019/2020

### What has changed?

From 29<sup>th</sup> June 2019 and following new government guidance there is now a new arrangement for the safeguarding of children and young people in North East Lincolnshire.

The 'Working Together 2018' government guidance (resulting from the Children and Social Work Act 2017) specifies that in order to safeguard children and to achieve the best outcomes, children and families should receive services in a co-ordinated way. This is a shared responsibility between three safeguarding partners and relevant agencies. The three organisations in North East Lincolnshire having joint responsibility for keeping children and young people safe are Humberside Police, NHS North East Lincolnshire Clinical Commissioning Group and North East Lincolnshire Council.

The North East Lincolnshire Safeguarding Children Partnership (NELSCP) replaces the Local Safeguarding Children Board (LSCB). The Partnership has adopted a new structure, which will change the way in which partners and all relevant agencies work together, how that work is challenged and how we improve practice and outcomes for children through continuous learning and improvement.

### Our Shared Vision

Our Partnership's vision is to work together to ensure safeguarding arrangements within our place are proactive, robust, effective and clear. We will also offer help and support at the earliest point and to enable children, young people and families to have positive outcomes, where they reach their full potential.

**We are focused, listening, accountable, improving and brave**

### Our Principles

We are committed to delivering our vision by applying these principles – they will govern our work

Keeping children and young people safe and well is the focus of everything that we do

We ensure that everyone has a voice, is listened to and respected

We all take ownership and responsibility for safeguarding and we challenge and support each other, inviting scrutiny from others too

We all share information and knowledge, learning from each other and so improve our work continuously

We spot issues early and face them together, with bravery and courage
