

Safeguarding Children Partnership: Domestic Abuse Workshops Facilitated by Women's Aid North East Lincolnshire and North East Lincolnshire Council

In line with development of the new North East Lincolnshire Domestic Abuse Strategy, a Domestic Abuse training pathway is now in place (please see SaferNEL training page for details) and a range of FREE workshops are now available for you to book onto.

These workshops are aimed at those working with children, young people and adults to further their knowledge and experience of domestic abuse issues and of local services and legislation around domestic abuse.

The purpose of these training sessions are to support and ensure practitioners and managers have the required knowledge, skills and confidence to work with children and families where domestic abuse is a factor.

The SCP Level 1 Domestic Abuse Awareness training, previously a 1-day face to face course, has now been split into 2 parts, to enable effective online delivery:

'SCP Level 1 Domestic Abuse Awareness – Part 1 – What is Domestic Abuse?'

'SCP Level 1 Domestic Abuse Awareness – Part 2 – Practitioner Update'

Part 2 – Practitioner Update is also a stand-alone course for those wishing to update their knowledge and skills

Please note the above workshops must be completed before accessing the other workshops in the pathway.

If you have previously completed the face to face LSCB/SCP Level 1 Domestic Abuse Awareness training, you will not need to re-do this here, unless you would like to refresh your knowledge.

These workshops are available to all practitioners and managers working with children, young people and families, in North East Lincolnshire.

Key:

V – Virtual training via Microsoft Teams

F – face to face training (subject to change depending on Covid-19 situation at that time)
